Apart from the advantages to the State, it will ~~to some extent~~ lessen the weight of the Mails carried by the Impl. Postal Dept. I am to enclose for reference a specimen of such card which it will be observed is quite distinct from the British Post card and cannot under any circumstances be mistaken for the latter

Sir,

In reply to your letter No 2910/5-89 dated 28th ultimo regarding the unauthorised use of Service Post Cards by the Superintending Engineer for Railways, I am directed to forward for the information of the Resident Extract from Mr Groves' Memo dated 30th ultimo explaining how the cards happened to be used. ~~I am to add that~~ there is nothing in the Post Office Regulations to prohibit the use by any private ~~individual of correspondence~~

Cards with half-anna Labels
affixed to them, and in this
way it seemed not objection
able to use such Cards
on the public service within
the Empire without postage
Labels. Their use however
has now been interdicted,
pending formal sanction
of the Government of
India, and I am to —
request that the Resident
may be good enough
to obtain such sanction
for the Durbar.

2 The Post cards can
be made up at the Mysore
Government Press They
can be of the same size
and thickness as the East
India Post Card of the

British Postal Service. On the face of it may be printed the words "On Mysore Government Service only." As to the Signature and Official designation of the Sender the Durbar consider that it would be more convenient to allow of these being written on the address side of the Card rather than on the Correspondence side, as by adopting this former course there would be Economy of Space and there would also be saved to the Postal Officials the trouble of turning the Card to see whether it has been used by a public Servant competent to use it. If the Postal Department are of a different opinion

No stamp need be impressed. as no value is payable

There is no objection to requir-
-ing the name and desig-
-nation of the sender written
on the "correspondence side"
of the card and in that case
to print below the words "on
Mysore Government Service
only" the following in-
-struction which is now
printed on "East India
Service Post Cards"

"The address only to be
"written on this side, the
"signature and official
"designation of the sender
"must be written on the
"reverse"
